Basic Provisions

Matters not regulated in these GTC and the interpretation of these GTC shall be governed by Hungarian law, with particular regard to Act V of 2013 on the Civil Code ("Civil Code"), Act CVIII of 2001 on electronic commerce services and information society services, and Government Decree 45/2014 (II.26.) on the detailed rules of contracts between consumers and businesses. The mandatory provisions of the relevant legislation shall apply to the parties without any special stipulation.

1. CONCLUSION OF THE CONTRACT

These GTC contain the contractual terms governing the legal relationship between the Seller and the Customer. Documents closely related to the contract include the warranty certificate related to the Product and the invoice issued by the Seller.

1.1. By placing an order on the website [www.webshopneve.hu], the Buyer accepts the communication channel (telephone or e-mail) through which the Seller enables the ordering of products.

1.2. The notification received by the Buyer via telephone or e-mail after placing an order is for

informational purposes only and does not constitute confirmation of the order by the Seller.

1.3. The Seller reserves the right to confirm a lower quantity than ordered by the Buyer. The Buyer will be notified via the phone number and/or e-mail address provided in the user account. In such cases, the Seller shall refund the purchase price of the products already paid for but not confirmed by the Seller.

1.4. The contract between the Seller and the Buyer is concluded when the Buyer receives confirmation of the finalization of the order via e-mail and/or SMS, including notification that the ordered products have been handed over to the courier service.

1.5. If the Buyer provides false information during the finalization of the order, no contract shall be concluded between the parties. The Operator and the Seller exclude all liability arising from such contracts.

2. SPECIAL PROVISIONS REGARDING ONLINE SALES

2.1. Any User/Customer may access the website. The Operator reserves the right to restrict the Customer's/Buyer's right to place orders or to use certain payment methods if the Customer's activity endangers the proper operation of the website or causes damage to the Operator/Seller.

2.2. The Customer may contact the Seller using the contact details provided in the "Contact" section on the product page.

2.3. Product prices displayed on the website are indicated in Hungarian Forints (HUF) and include VAT but do not include fees related to the selected payment method, which shall be borne by the Buyer.

2.4. In accordance with applicable law, the prices of electrical equipment and other environmentally regulated products include the environmental product fee.

2.5. In the case of online payments (credit card or bank transfer), the Seller shall not be liable for any additional costs incurred by the Buyer due to the selected payment method or the issuing bank (including exchange rates and other fees).

2.6. Information used in product descriptions (static or dynamic images, multimedia presentations, etc.) is for illustrative purposes only and does not constitute a binding offer by the Seller.

3. ASSIGNMENT

The Seller may entrust third parties with the performance of services related to the fulfillment of the Order (such as delivery, packaging, etc.) without prior notification to the Buyer. This does not require the Buyer's consent. However, the Seller remains fully liable for the fulfillment of its contractual obligations towards the Buyer.

4. ORDER

4.1. After placing the selected products in the shopping cart, the contents of the cart may be freely modified. By submitting the filled cart after review, the Buyer places an order for all products contained therein and acknowledges that placing an order entails a payment obligation.

4.2. The data submitted with an order may be modified in writing or by telephone after submission but prior to delivery. During a new order, the Buyer may of course modify their data. Buyer data related to login and orders are stored by the Seller for one year from delivery; however, the contract does not qualify as a written contract and is not filed.

4.3. The Buyer acknowledges that after placing products in the cart, the products may only be purchased if sufficient stock is available to fulfill the order.

4.4. By finalizing the order, the Buyer confirms that the information provided is accurate and suitable for fulfilling the order and concluding the contract. By finalizing the order, the Buyer undertakes to pay the total amount using the selected payment method. Failure to do so entitles the Seller to refuse fulfillment of the order.

4.5. By finalizing the order, the Buyer consents to the Service Provider contacting them if necessary via the provided contact details (typically email or phone).

4.6. The Service Provider may declare the Buyer's order null and void or not concluded, with prior notification to the Buyer, without any further obligations or compensation claims by either party, in the following cases:

4.6.1. If the Buyer selected an online payment method and the issuing financial institution does not authorize the transaction, or the payment service provider is unable to process the transaction.

4.6.2. If the information provided by the Buyer is inaccurate, incomplete, or prevents fulfillment of the order.

4.6.3. If the Buyer fails to pay the purchase price within 5 days, the Seller is entitled to cancel the order.

4.6.4. If the order is placed by a legally incapacitated person or a minor.
